### **ACTIVITY LEVEL - Moderate**

Mobility is important as most of the tours on this trip do require a lot of walking and castle stairs without the use of a wheelchair, walker or scooter. Most of the tours offered are walking tours for up to 3 hours on terrain that includes cobblestone streets, uphill and downhill paved and non-paved roads, risers and stairs. Guests must be able to get on and off buses with steep stairwells. If you have any concerns, please contact us before booking this trip. **If you have limited mobility, you are required to travel with someone who can assist you.**

We do our best to accommodate most guest abilities, but please note that the Tour Operator, Cruise line or Olivia has the right to refuse passage to a guest that is not able to fully participate in the tour as outlined above.
